

School Mobility

A strong link
around the world.

Our School Mobility solution in brief

Information before and during travel

Before departure, students and staff receive important information, health recommendations and safety advice tailored to their destination. During their stay, they have direct access to our network of medical providers and assistance services, available at any time, to ensure a safe and smooth educational journey.

Medical expenses

If medical care becomes necessary during a school trip or an exchange abroad, School Mobility offers reimbursement, advance payment, and direct coverage of medical expenses. Ensure the health of your students and staff with customised, proactive solutions that guarantee quick, effective support, wherever the educational activities take them.

Travel mishaps and travel insurance

School Mobility covers a wide range of services tailored to the needs of educational institutions; from cancellation of study trips, assistance in case of lost or delayed luggage, flight delays and legal protection, all the way to emergency cash advances. We even offer coverage in case of death or disability which occurs during a trip. This comprehensive insurance offers safety and peace of mind to students and staff during their academic travels.

Medical assistance

Our medical assistance services can help with the processes related to search and rescue, hospitalisation, and, if necessary, repatriation. We also offer a second medical opinion to ensure the best possible care. Telephone assistance is available at any time, allowing continuous health monitoring for students and staff on the move.

Medical evacuation and repatriation

School Mobility ensures quick intervention in medical emergencies, organising on-site rescue, medical evacuation, and medical repatriation to the most suitable hospital facility or to the home country, regardless of the student or staff member's place of residence. In the event of death, we also manage the procedures and costs related to repatriation.

Assistance sécurité

Real-time alerts are issued for any critical event, with tracking solutions for students and staff on the move. In case of a crisis, we facilitate evacuation to safe areas and offer crisis management services. Ensure unwavering protection and support for your students and teams during their international travels.

School Mobility insurance – 24/7 Assistance for Students and Teachers

The insurance solution that covers it all, offer your students, teachers, and staff a full coverage for medical assistance, safety, and all issues related to school trips. Available anywhere, without geographical limitations, our service can be activated 24/7, 365 days a year, providing security and health-related support. Thanks to a dedicated assistance number, our team delivers quick and efficient help, ensuring peace of mind for study trips, language exchanges, and any international travel.

Comprehensive protection for all involved

Education knows no boundaries. That's why School Mobility is designed to offer comprehensive and adaptable protection for a wide range of profiles within your educational community. Whether you're a student, teacher, or staff member, our insurance guarantees your safety and well-being, no matter where your academic aspirations take you.

International students and interns

Students coming to Switzerland from abroad for an education or an internship benefit from comprehensive coverage, ensuring their educational stay is as enriching as it is secure. Our insurance covers anything from emergency medical expenses to repatriation to their place of origin or residence in case of illness or accident during the insured period.

University exchanges and internships abroad

Academic exploration beyond borders is a rewarding adventure. «School Mobility» insures students participating in university exchanges or internships abroad, covering unforeseen events so they can fully concentrate on their learning experience.

Academic and administrative staff

Professors, researchers, and administrative staff are the backbone of any educational institution. We support them during their professional travels, scientific expeditions, or other academic missions abroad.

Academic guests

Our insurance extends its protection to guests of your institution visiting Switzerland. Whether they are speakers, visiting researchers, or workshop participants, we ensure their safety during their stay.

Chaperones for study trips and school camps

Learning outside the classroom is crucial. We protect the chaperones of study trips and school camps, ensuring that their responsibilities are carried out without stress or worry, so that the focus remains on guidance and education.

Adjustable security for every journey

In the dynamic world of education, every trip holds crucial importance, whether it involves study trips, research missions, or participation in international conferences. «School Mobility» provides customised coverage, ensuring a serene experience for all types of academic travel. Discover how our insurance meets the specific needs of each journey.

Study trips and school camps

Whether it's for a study trip or a school camp, the safety of students is our top priority. Our insurance provides comprehensive coverage for both students and chaperones, ensuring safety during all educational and fun experiences.

University exchanges and internships abroad

Promoting cultural and academic exchange also means ensuring the safety of our students abroad. Whether for a semester or a year, our insurance supports students throughout the duration of their exchange or internship, providing them with optimal protection and continuous support.

Professional travel abroad

For teachers, researchers, or administrative staff traveling abroad, our insurance guarantees not only safety but also unparalleled peace of mind. From international seminars to research missions, «School Mobility» provides continuous support, regardless of the destination.

Scientific expeditions

Scientific adventures require meticulous preparation and protection. «School Mobility» covers all essential aspects, from unforeseen medical expenses to emergency assistance, allowing travellers to fully focus on their research and discoveries.

Sabbatical leave

For those undertaking a sabbatical to deepen their knowledge or develop new projects, «School Mobility» offers reliable protection, and with it a peace of mind and undivided focus on academic goals.
